“ Dear Bill and Starlite and Matthew ~Believe it or not, you have been ever present in our/my thoughts and prayers all along. It grieves me whenever I think of how much she is missed by each of you. She no longer suffers confusion or physical anguish as she is in the arms of her Lord and the relatives who've gone to Heaven ahead of her. Still and all....she leaves an empty space in your hearts.I haven't known what to say. Times like these when reaching out is difficult because of how helpless we feel....it is only right that i try. We will miss Bev's sense of humor and that twinkle in her eye. She was mischievous and she was smart, caring and loving. I wish i had her baking and cooking skills. We will always remember the time we visited you guys when you lived in WI. You fed and treated us like royalty! I think the event that brought us was Starlite's dedication. It was a most precious and fun family time.Why it is, that Bev was called Home so early, is known only to God. One answer we do already have is that we WILL SEE HER AGAIN., Praise the Lord.For now, we pray that the blessing of comfort will be wrapped around each of you as you soldier on. Our arms reach out to you and we hold you in our hearts.With Love,Bob and Wilna
