“ *Dan made a huge impact in my life almost from the day my family met him in 1980 at a Church convention in Biloxi Mississippi. He was always highly thought of by my family. My father in particular had clicked with him and I always remembered him throughout the years. I lost contact from moving to another country and always had him in the back of my mind. One day somehow we managed to reconnect once we realized we were in the same convention once again in 2001, but not until AFTER it was over. Dan has helped me through a badly ending marriage, family problems and was a fantastic stand - in family member and always to tell it like it is.*

He quickly became my "church daddy" and I will miss him greatly but know in my heart that he put in his best whilst here in earthly form. What a wonderful example to follow.

Til next life, rest in peace Dan :-)
