“ I will greatly miss my dear friend and classmate from ECHS. We have a long standing friendship going back to those High school days, where I also knew your Mom Gail before they knew each other! Herm reached out to me after Charkene's passing, and we have each other's friend and confidant ever since. I will miss our "checking up on one another" phone calls every couple weeks, and his good humor, and the advice we gave one another about things. I don't know what more could be said about him, except that he was definitely a great friend and one of the good guys! R.I.P., my old pal. And to all the family, cherish the memories you all made with your father, grandfather, and great-grandfather, and know he loved you all dearly.

“ I'll never forget the day he came to the door with tears streaming down his face unable to speak for a bit. He then told me he had backed up in his driveway and ran over his cat. He was distraught. That's when I truly knew what kind of man he was. And then there was Tiger. We all know Tiger ❤️🙏🙏
