“*Julia and I were neighbors for several years and our kids were about the same age. We shared a lot of good times and good stories. She was such a sweet person, checking often to see if we needed anything. My favorite memories are when she would return something to me that her dog, Jack would bring her from my yard. He was always taking her gifts like a shoe, boot, or garden tool. It always embarrassed her to have to return my stuff, but it gave us good opportunities to visit. I have thought of her often through the years. I pray that her family finds comfort as they move forward.*”

“*My sweet friend Julia! I never knew when you would pop up but I always loved when you did! It doesn't seem real that you could possibly be gone from us. I miss you terribly already and will never forget you! Love and prayers to Jim and her children. She's a legend!*”

“ *Julia and I once took a trip together to Daytona Beach. I will always remember standing out on the sandbars with the tide out, a full moon, and Santana playing on the hotel speakers behind us. We were just enjoying the beauty of it when at the edge of the deep water 2 whales breached in the moonlight. We had such unforgettable good times together. Forever in my heart, dear friend.*

“ *Julia was such a sweet and precious friend. It breaks my heart that her presence no longer graces the Earth. But what a happy day in Heaven when Jesus greeted her. I pray for comfort and precious memories for the family and friends.*
