“ *My heart just sank. Kathy was our banker and our friend. She taught us a lot about planning for our future. Especially as a woman, she taught me to empower myself and be responsible for myself as an individual even as we grew in our marriage. Over the last 20 years I have strived to pass that important lesson on to other women just as she passed it on to me. I'm grateful to have crossed paths with this incredible woman and the world was enriched by her presence. She is missed. My heart felt condolences for this family. You will all be in our prayers.*
