“ *Linda was a sweet and caring teacher. She touched the lives of hundreds of children. I enjoyed working with her.*

“ *Bill,*
Somewhere in all your photographs you have a picture of you and Linda standing proudly on your newly poured slab, plumbing piping sticking out all around. I took that picture of you two. First time I met y'all! 1992! What a happy time. You two built a beautiful house! You filled it with your treasures from all over the world. How lucky to get to travel the way you two did.
Linda touched the lives of hundreds of children, she dedicated her life to the welfare of children. There is no greater calling. No higher Angels on Earth or in Heaven.
Richard and I mourn her passing. Such a lovely person. I am so glad to have known her.
You are in our hearts and prayers.

“ Linda Sue (Sue) to me was my first cousin that I played with as a child. We had many times of fun as growing children. As adults, she would help me with my children with her knowledge and education of learning disabilities. The last few times I spoke with her, she had a sweet peace about her illness and the possibilities of death. She would always end by saying we can pray for each other. It was revealing to me, she had moved into a realm closer to God. She will be missed, but we can be comforted in knowing she is in Heaven. We loved you Sue.
