“ We had some great times together! She took care of me when I was knocking on death's door and that bond we made could never be broken. One of the greatest memories I will always have is having her in TN and getting to spend a couple weeks with her enjoying the Fourth of July concert and all the ranch had to offer. Never in my life imagined I'd see her where I worked. She seemed to be so happy. I'll never forget all the conversations and the grandma we all knew. Rest in love grandma.

“ We miss and loved your sense of humor. There was never a time during my life that I can remember that you wasn't there to help out your children or grandchildren whenever needed. Even after you lost the love of your life, you were still non stop doing for others and pushing yourself to higher limits. Your faith in the good Lord never wavered. You were so full of laughter, blessings, and love throughout your 88 years. You were truly living on His Love for you did not take medicines or frequented the hospitals. We love and miss you, our beautiful grandmaw!!
Love your Angel and grandson in law

“ All I know is I lived with this wonderful woman for my entire high school attendance, and not once did I ever experience anything but love and kindness. Yes, she made me clean up after myself and help her and my grandfather around the house, that was expected from a teenager. She was always trying to give me more than I needed, and I will never forget that time in my life because living with her in a steady environment at that point and time helped me make the decisions i made in my adult life. I know without a doubt we cant get her back and I will always love her and can never thank her enough for helping my grandfather raise me. GRANDMA WE LOVE YOU ALWAYS
