“ *Jim will always be in my heart forever and always, he took me in with no hesitation when I started dating his son Tim and has always been there for me and loved me like one of his own, we always enjoyed being out doors with Jim grilling, mowing, working on cars or mowers even just all of us sitting out side he loved it out doors. Jim was an amazing father, brother, Uncle and most of all papa he always took Kristine with them every where to the store, auctions, fishing and just any where he was she was lol they were joined to the hip and I think him for showing her what a true grandfather is in her life. I love you for ever and always RIP*

“ My papa was amazing, he loved to work on cars, mowers, tvs, really anything he could take apart and put back together. I learned so much in my 23 years of life from this man. I loved him so much we all do. He was always on the go, never one to just sit at home. He loved to drive, anywhere really. He would go outside just to blow leaves away to keep himself busy. He was a collector of tools, he had so many his carport and house was taken over by it lol. He had an amazing sense of humor, he could make you laugh in the worst of times. My papa was, and always will be someone I hold dear to my heart. I will cherish my memories with him and share them with my future children, and keep his memory alive and strong just like he was always and forever !
