“ *Rebecca was a nurse I worked with back in the day. She was so knowable and a loyal employee of our hospital. I always respected her for that. I know she looked up to her big sister and was proud of her. She cared for her mother and I always laughed when I saw her in that big car. We will miss you Becky.*

“ Jo Ann, I have so many fond memories of Becca and Tricia through elementary school and on as adults. She was such a giving, caring person, not only to her family by also to her friends. I know our family (especially Tricia) was the beneficiary of that love she showed to all she met. Our family was blessed to know her and your entire family. You will be in my prayers during the coming days.
