She was immensely proud of her family and leaves behind nothing but beautiful memories. Her family and friends will always know that she enjoyed being with family, cared deeply for them and her friends. She did this not out of obligation, but because of the wonderful person she was.

“ *Rest in peach my sweet childhood friend. We created many beautiful memories with our families between church services on Sundays. Life changed our directions but never took away the love of the family ties we made. Baptised together by your Dad, we will meet again. Debbie*

“ I will never forget Becky standing up for me in a crowd of people who were really being mean and horrible after I said something they didn't agree with! Becky told them right back how it was because she knew exactly what I was talking about! She told me to not worry about it because she had been in the same situation with the same person and she knew I was the one telling the truth! She impressed me so much for speaking up for me! I know I will see her in heaven, no doubt whatsoever in my mind! Love and prayers for you, the family! ❤️🙏
