“ *From the first moment that I met Dad, I knew he was a wonderful man who was filled with love for Mom, his family, and God. Dad accepted me as a daughter in his life and accepted my children as his grandchildren without a second thought. I feel so very very blessed to have been able to have met this amazing man and to have been loved by him. Shortly before he passed, he hugged me and told me he was proud of me which means more than anyone will ever know. Although we all know he is in a much better place, I will miss him so very much. I love you Dad.*

“ *Uncle Ray was a wonderful man who worked three jobs to give his family the most in life. His dream was to come back to Arkansas and enjoy his retirement near his family. He wanted to visit his siblings and the many nieces and nephews. He was able to be back home during his last days on this earth where the outpouring of love from his family and friends was very apparent. He will be greatly missed by all. I love you Uncle Ray, see you in heaven. Your favorite niece Marilyn.....*

“ I think I will always remember the little things he done when I was little. The main thing I remember is him popping my toes and making me name a different boy every time. I will miss him calling me Sweetie Wheaty and the smile he gave when he said it. I remember when I was little I stayed the night with them and I had a nightmare. I remember waking up to him coming in there to pick me up and put me it the bed with him and Gran. I will miss him so much but I know that he will no longer be suffering. I love you Paw!!
