“ *My family and I are saddened by the news of Dr Reid's passing. He was our doctor and our friend the years we lived in Ashdown and remained a friend after we had left the area. We were blessed to have known him.*

“ *Doc was a wonderful man, who truly cared about his patients, the community and the hospital, but even more he loved his family and spoke of them often. In the healthcare community, we have missed him in his practice for the past few years, as his health issues became too difficult. But what a strong man he was, overcoming health issues time after time, that would have stopped someone else. What an admirable life and man...*

“ *Dr. Reid has been a good friend and doctor to Teddy and me and our family for many years. There are so many times that he has come to our rescue. I loved working at the hospital when he was on call. So sorry to hear that he has left this world but rejoice knowing that he is with the Lord. To his children and grandchildren, he loved you dearly and enjoyed showing pictures of you. You grandchildren can always be proud of him. To Larry, I know he enjoyed your company. There is nothing like a brother or sister. God bless all of you and our family will always remember him with love.*
