“ This saddens me deeply. Taylor was such a good person that cared for everyone, she loved hard. She has been through so much heartache but always looked to the bright side and fought to make it thru each day to enjoy life. In my darkest times she would always have the right words of wisdom that would make me feel so much better I will always hold on to and b thankful for the treasures you gave me. I will miss you and I know you are with your babies and I will b here for the ones you left here.love you Taylor

“ I can't believe my Beautiful Best friend is gone. Tay this doesn't seem real. You were there through the hardest time of my life. You called me and said I'm coming to be with you and help you through this. Now I'm writing on your obituary wall and my words cannot describe the hurt and emptiness I will forever endure my friend. You have impacted my life in so many ways. I never met anyone, nor will I ever that holds a candle to you. Your one of a kind, beautiful, selfless, and I don't know how to say goodbye
