“ *I worked with Weldon with the Postal Service. He was a hard worker and a kind person. I have a few memories of small events that we shared. One incident was when we hauled a load of logs to Texarkana to the mill. I didn't know him long but long enough to know of his quiet kind nature.*

“ *Mr. Weldon did have a big heart, he helped look for our lost dog for weeks driving my wife to meet everyone in Ogden , asking for information. He loaned me a horse to ride the pipeline to look for the dog, as it was so wet a truck or 4 wheeler could not go through. Mr. Weldon was a selfless man and proved it time and again. We will miss him and his vast knowledge of people and experiences in his life.*

We've moved some since we lived in Arkansas. I worked with Weldon at the post office. We purchased some land and a house from him in McNab. He was fair and honest. He loved our German Shepherd. After we moved back to north Texas that dog had puppies and we brought him one. I don't know but I believe it was a good dog for him. Anyway, he was a good man.
