“ *I miss you every day. Your strength and character were cherished by many in all aspects of your life. My memories will go with me as I think of you every day. When in doubt I think of what you would do and follow your advice. Your caring and generosity gave us strength to go through a life that as your daughters in the military, we might not have succeeded. I love you and miss you so so much. Toni*

“ *I knew him but for a briefly 11 years yet he was a beacon of kindness and humility. What a great sense of humor yet serious when called for. I truly will miss his happy smile and a great fishermen who taught me more about kindness than many others. I will very much miss him and his family forever.*
